1.2.5 Percentage of students who have completed self-study courses (online /offline, beyond the curriculum) during the last five years

Response:

1.2.5.1 Number of students who have completed self-study course(s) (online /offline, beyond the curriculum) during the last five years

Year	2017-18	2018-19	2019-20	2020-21	2021-22	TOTAL
Number of students completed self-study courses	0	0	162	167	184	513

Formula:

$$\text{Percentage} = \frac{\text{Total number of students completed self-study courses (s) during the last five years}}{\text{Total number of student's on-rolls during the last five years}} \times 100$$

$$= 513/810 \times 100$$

$$= 63.33 \%$$

1.2.6 Percentage of students who have completed self-study courses (online /offline, beyond the curriculum) during the last five years

Response: 63.33 %

1.2.6.1 Number of students who have completed self-study course(s) (online /offline, beyond the curriculum) during the last five years

Year	2017-18	2018-19	2019-20	2020-21	2021-22	TOTAL
Number of students completed self-study courses	0	0	162	167	184	513

Formula:

Percentage = $\frac{\text{Total number of students completed self-study courses (s) during the last five years}}{\text{Total number of students on-rolls during the last five years}} \times 100$

Total number of students on-rolls during the last five years

=513/810 x100

= 63.33 %

3	Course III	Thoughts of Ambedkar	4 Weeks	40 Hrs
4	Course IV	Cooperative Learning	4 Weeks	40 Hrs
5	Course V	Inclusive Learning Environment	4 weeks	40 Hrs

SELF-STUDY COURSES

In order to enhance the efficiency of the prospective teachers in the domains of reading, grasping, critical viewing and application for life, the college offers sufficient space for self- learning courses. The prospective teachers are expected to choose any course indicated by the college for their self-study and achieve a reasonable acquisition of knowledge and skills.

Course Learning Outcomes The prospective teacher

1. acquires knowledge on social thinkers
2. critically looks at the social structure
3. constructs his/her own views and ideas on social reality

The college offers the following self-study courses:

1. Gandhian thought
2. Thoughts of Periyar
3. Thoughts of Ambedkar

Duration

The duration of self- study course is 50 hours with a combination of theory and practical. However, the combination of theory and practical shall be decided by the course-coordinator with the approval of the Principal.

Examination and Evaluation

Self-study courses are purely internal and the examination is conducted by the course- coordinator in consultation with the Principal; the answer scripts are valued by the course- coordinator. The evaluation consists of internal test (5 marks), assignment (5 marks) and practicum (5 Marks) for 15 marks and a terminal examination for 35 marks.

Awarding Certificate

The students who successfully complete the self-study courses shall be issued certificates by Nirmala memorial Foundation College of Education, Kandivali East, Mumbai.

Guidelines

- Self-study courses are obligatory for the completion of the B.Ed. Programme.
- The prospective teachers must choose one of the three self-study courses offered by the college.
- The self-study course should be completed in the first year of B.Ed. Programme.
- For each self-study course, one faculty is appointed to accompany the students.
- A minimum of two hours is allotted in the regular timetable.

- **Duration (in hour):** 14 hours
- **Credits:** 1
- **Target Group Profile:** Pre-service & in- service teachers, teacher educators, curriculum planners & students.

Module Wise Learning Objectives

Module 1

- Explain the concept of Cooperative learning
- Enlist characteristics of cooperative learning
- Identify various elements of cooperative learning Module

Module 2

- Differentiate between Cooperative learning, Collaborative learning and Group work
- Analyse various strategies of cooperative learning
- Discuss various limitations and advantages of cooperative learning strategies in classroom Module

Module 3

- Discuss various pre-requisites to use cooperative learning strategies in classroom
- Explain Jigsaw strategy and steps of Jigsaw strategy of cooperative learning in detail.
- Analyse the main advantages & disadvantages of Jigsaw strategy of cooperative learning in detail
- Develop and execute a plan for use of Jigsaw strategy

Module 4

- Explain STAD strategy of cooperative learning
- Elaborate steps of STAD strategy of cooperative learning in detail.
- Analyze the main advantages & disadvantages of STAD strategy of cooperative learning in detail
- Develop and execute a plan for use of STAD strategy Module Wise Learning Objectives.

		Differences between Cooperative Learning & Collaborative Learning	
		Think pair share	
		Stir the Class	
		Four Corners Strategies	
		Limitations & Advantages of Cooperative Learning	
WEEK 3	Module 3	Jigsaw Strategy of Cooperative Learning	
		History of Jigsaw	
		Research Findings in field of Jigsaw Strategy of Cooperative Learning	
		Phases of implementation of Jigsaw Strategy	
		Comparison of JIGSAW 1, JIGSAW 2, JIGSAW 3, JIGSAW 4 and Reverse JIGSAW	
		Lesson Plan/ Instructional Plan of Jigsaw Strategy	
WEEK 4	Module 4	STAD Strategy of Cooperative Learning	
		Student Teams Achievement Divisions (Part 1)	
		Student Teams Achievement Divisions (Part 2)	
		Research Studies On STAD	
		Summary of Student Teams Achievement Divisions	
		Lesson Plan/ Instructional Plan of STAD	

Course Summary: Design issues, Implementation & Deployment

- Each Module wise Learning objectives were framed
- As per the objectives content of the course was developed
- Video lecture, Concept Map, pdf files were created under CC: BY: SA license
- Existing OERs were identified, analysed and included in the course
- Module wise quizzes and assignments were developed
- Existing MOOC Platforms were seen and after detailed discussions with mentor, mookIT platform was finalized.
- The course was put on online platform <https://courses.mookit.in/>
- Course brochure along with introductory video was shared on various social media platforms
- The main focus of the MOOC implementation was
- Active and self-paced Learning
- Student Support: Hangout, Discussion Forums, email, Telegram, mobile
- Connectedness
- Continuous assessment and feedback
- Use of variety of activities & Blogs #blimage concept to make course interesting
- Student Progress Tracking

INCLUSIVE LEARNING ENVIRONMENT

(URL: <https://isscte.com/short-term-course-on-inclusive-education/>)

Course description

Inclusive education can be seen as a process of strengthening the capacity of an educational system to reach out to all learners in the community.

This course has been tailored for teachers dealing with classroom diversity and disadvantaged learners, including those with special educational needs or a migrant background. Specifically, participants will acquire or improve their knowledge regarding:

Defining inclusive education, key principles, and values;

- Understanding the process of inclusion/Addressing barriers to participation, learning and resources to support all students within schools;
- Using ICT tools to support all learners in inclusive settings;
- Collaboration within school communities (teachers, teaching assistants, students, parents/carers) in order to establish a framework of inclusive values and practices (e.g. co-teaching involving a general education and a special education teacher).

Learning outcomes

The course will help the participants to:

- Face diversity and identify the barriers to participation and learning arising within schools;
- Draw up development priorities and planning interventions to support diversity (e.g. curricula adaptations, design of differentiated lessons);
- Use alternative learning practices, techniques, materials, and associated assessment tools to review development;

- Use ICT to support all learners in inclusive settings;
- Foster collaboration within the school community (teachers, students, parents/carers) in order to establish a framework of inclusive values and support students' participation and achievement in sustainable school systems;
- Understand the key features of an inclusive learning environment.

Schedule

Week 1 – Course introduction & models of disabilities

- Introduction to the course, the school, and the external week activities;
- Icebreaker activities;
- Presentations of the participants' schools;
- Social and individual/medical models of disabilities.

Week 2 – Analysing dynamics

- Diversity, identification of barriers to participation and learning arising within schools and resources to support students;
- Group discussion and individual/teamwork practical activities.

Week 3 – Supporting diversity

- Drawing up development priorities and planning interventions to support diversity (e.g. curricula adaptations, design of differentiated lessons);
- Slides presentation, individual/teamwork practical activities.

Week 4 – Reviewing development

- Alternative learning practices, techniques, materials and associated assessment tools to review development;
- Hands on activities, individual/teamwork practical activities.

The schedule describes likely activities but may differ significantly based on the requests of the participants, and the trainer delivering the specific session. Course modifications are subject to the trainer’s discretion. If you would like to discuss a specific topic, please indicate it at least 4 weeks in advance.

Our courses usually include two cultural activities. Further information is available on the webpage of each course location.

Upon completion of the course participants using reflective techniques such as “Index for Inclusion” are expected to develop intervention plans through a range of activities (e.g. case studies, hands-on activities) aimed towards enhancing participation, learning, and achievement of inclusive mainstream education for all students, specifically for disadvantaged learners, including those with special educational needs and migrant background, thereby fostering social inclusion.
