2.6 EVALUATION

2.6.1 Continuous Internal Evaluation(CIE) of student learning is in place in the institution

Continuous Internal Evaluation (CIE) is a crucial aspect of the B.Ed. (Bachelor of Education) two-year programme at Nirmala Memorial Foundation College of Education, Kandivali. This report aims to provide an overview of the CIE system in place at the institution, highlighting its objectives, components, assessment methods, and its impact on teacher trainees' learning and development.

Objectives of CIE:

The CIE system at Nirmala Memorial Foundation College of Education is designed to achieve the following objectives:

- a) To assess the academic progress of teacher trainees throughout their B.Ed. programme.
- b) To encourage active student participation and engagement in the learning process.
- c) To promote continuous improvement and enhancement of teaching and learning methodologies.
- d) To provide timely feedback to teacher trainees to help them identify areas of strength and improvement.
- e) To ensure the overall development of teacher trainees' skills, knowledge, and competencies.

Components of CIE:

The CIE system incorporates multiple components to comprehensively evaluate the performance of teacher trainees. These components may include but are not limited to the following:

Regular class tests are conducted to assess students' understanding of subject matter and academic progress, teacher trainees are assigned various projects and assignments, encouraging independent research and critical thinking, Practical Assessments; For subjects with a practical component, teacher trainees are evaluated on their teaching and classroom management skills, Students are given opportunities to present their ideas and findings, enhancing their communication and presentation abilities, Regular attendance is monitored to ensure consistent engagement in the learning process.

The implementation of CIE in the B.Ed. the two-year programme at Nirmala Memorial Foundation College of Education has numerous benefits, including Encouraging a proactive and participative learning environment among teacher trainees, Providing regular feedback to students, enabling them to identify their strengths and areas for improvement, Enhancing the teaching and learning methodologies within the institution through continuous improvement efforts, Enabling faculty members to tailor their teaching methods based on individual student needs and performance, Preparing teacher trainees to become reflective practitioners, capable of assessing their teaching practices and making informed decisions.

The Continuous Internal Evaluation (CIE) system in place at Nirmala Memorial Foundation

College of Education, Kandivali, plays a crucial role in shaping the academic and professional development of teacher trainees pursuing the B.Ed. two-year programme. By employing a variety of assessment methods and providing timely feedback, the CIE system contributes significantly to creating competent and reflective educators who are well-prepared to meet the challenges of the teaching profession. The institution's commitment to CIE showcases its dedication to fostering an environment of continuous growth and excellence in teacher education.

At Nirmala Memorial Foundation College of Education Kandivali, a comprehensive internal evaluation methodology for evaluation has been adopted with integrity. To develop necessary competencies and skills, assessment from all aspects is taken into consideration. Through essay tests, students are prepared for the conceptual understanding of various courses. Class tests are conducted twice for better preparation for university examinations. Students are oriented about various assignments. They develop writing skills and learn how to present. For various assignments and courses, students are motivated to present seminars- activities individually and also in groups.

Through several activities, assignments, and formative, and summative assessments P.Os and C.L.Os are attempted to be achieved. Achievements of PLOs and CLOs are visible in evidence of outcomes. Internal Evaluation through class tests, assignments, essay tests, practice teaching lessons, group work assignments, community work, learning resources, internship and book review as part of formative evaluation. Skills are achieved through teaching-learning like communication skills, group discussion, leadership skills etc. Summative evaluation is done through university examination. Students are oriented about the entire B.Ed. the course at the inception and about each semester as and when they commence. All the academic activities are communicated to the students through circulars, notices and timetables on notice boards. Results of all the tests are analysed and necessary feedback is given in time by the respective professor.

In TEI, students are encouraged to participate in co-curricular activities. This builds confidence and abilities in them. The overall personality is developed through the implementation of activities. The practicum is mainly focused on practical skills like, how to teach, interpersonal communication, classroom management etc. Students learn and refine their practical skills by organising activities in their practice teaching schools.

Pedagogy of school subjects is a very important aspect of B. Ed. Students prepare learning resources based on their pedagogy. They also prepare teaching aids for their practice teaching lessons. This helps them to develop creativity and interest. Book reviews help the student to develop reading habits, language, writing skills, and critical thinking. Through audit courses- 'Drama and Art in Education and 'Understanding the Self', students are involved in various activities, experts are invited and students get an insight into understanding themselves and improving further
