

## **CRITERIA 2**

**2.7.3 The progressive performance of students and attainment of professional and personal attributes in line with the PLOs and CLOs is monitored and used for further improvements**

### **2.7.3 The progressive performance of students and attainment of professional and personal attributes in line with the PLOs and CLOs is monitored and used for further improvements**

The college offers a B.Ed. programme with clearly defined learning outcomes and course outcomes of each course taught in the B.Ed. programme. Programme Learning outcomes and course Learning outcomes are in synchronise with each other.

The college has a well-planned and well-organized process of collecting and assessing data on programme and course learning outcomes. It uses them to overcome the barriers in the teaching-learning process.

Various assessment tools such as workshops, seminars, class tests, essay tests and assignments are used to assess student learning outcomes. It is used by the institute to overcome learning obstacles.

As per Continuous assessment, depending on the course style, several methods for continual evaluation include class tests, essay tests and assignments.

#### **Different ways in which the students are made conscious of learning outcomes are given as follows:**

1. The results of each examination (internal as well as external) are analyzed thoroughly by the principal who in turn discusses the same in detail with the teachers.
2. A list of praiseworthy students is displayed on the college notice board to motivate all learners to work hard towards desired goals.
3. Such praiseworthy students are also felicitated for their performance during the Annual day with a letter of appreciation.
4. The proposed Learning outcomes of other co-curricular and extracurricular activities are also communicated to students from time to time in classes also so that they understand the importance of developing an all-round personality.
5. Champions of various cultural and Sports events are awarded with prizes, medals and certificates.

Information about student learning is assessed through both direct and indirect measures. Direct measures may include assignments, exams, essays, action research projects and other performances. Examples of indirect measures include course evaluations, course enrolment information and school placement rates.

#### **Approaches for measuring students' learning:**

1. **Formative assessment** - Any means by which students receive input and guiding feedback on their relative performance to help them improve. It can be provided face-to-face during college hours or in written comments on assignments.
2. **Summative assessments** - Tests, assignments and other course activities that are used to measure student performance. They often reveal what students have learned at the end of a unit or the end of a course. Within a course, the summative assessment includes a system for calculating individual student grades.

## ANALYSIS OF RESULT

### NIRMALA MEMORIAL FOUNDATION COLLEGE OF EDUCATION KANDIVALI EAST, MUMBAI

#### B.ED. SEMESTER I (2021-2023) ANALYSIS OF RESULT
