

## **CRITERIA 2**

**2.7.5 Performance of students on various assessment tasks reflects how far their initially identified learning needs are catered to**

### **2.7.5 Performance of students on various assessment tasks reflects how far their initially identified learning needs are catered to**

Indications of learning outcomes and programme outcomes are seen through the success of PLOs and CLOs. Skills achieved in the area of teaching-learning skills, communications skills, classroom management skills, individual participation, ICT skills, and soft skills.

Internal or Formative evaluation is done through class tests, assignments, essays, practice teaching lessons, assignments, community work, learning resources, internships, and book reviews. External or Summative evaluation is done through external university examination.

- 1. Entry level:** Nirmala Memorial Foundation College of Education organizes an orientation programme for student-teachers at the beginning of the academic year. Semester-wise orientation is also done at the start of each semester. Teacher-educators orient the various tasks and activities; thereby an overall structure of the B.Ed. program is explained in detail.
- 2. Mid-term evaluation:** After the start of the semester the student-teacher is continuously monitored and assessed through essay tests, class tests, assignments, community work, learning resources, internships, book reviews, etc. Performance of all the activities is measured and student-teachers whose score is under 50% marks are given extra support through mentoring, guidance, extended library hours, peer tutoring, additional resources, books, and e-content.

Student-teachers securing more than 70% marks are given additional support through skill development courses, and guidance for various competitive examinations such as CTET, NET, SET, etc. Counselling and guidance are given during mid-term evaluation. It helps students to boost their competencies and address the problems at the right time to emerge with meaningful results towards a holistic development. During the internship in semesters 2,3 and 4 supervisors provide feedback that helps student-teachers in realizing their weaknesses and boost their strengths in lesson presentation. Peer feedback is also encouraged for building confidence in them.

- 3. Exit level:** After the completion of the two years B.Ed. course the teacher-educators evaluate the overall performance of student-teachers through the analysis of the semester-wise academic and other achievements. This gives a clear indication of the progress made by each student-teacher right from the entry-level to the exit level. The achievements witnessed by the student-teacher in CCA, Examination, Internship, and other project-based courses indicate the overall development of the student-teachers through the various teaching-learning activities and given other opportunities for growth and self-development.
