6.5.1 Internal Quality Assurance Cell (IQAC) or any other mechanism has contributed significantly to institutionalizing the quality assurance strategies

Nirmala Memorial Foundation College has a functional Internal Quality Assurance Cell. This cell was first set up on 30-04-2021.

The following are the contributions of IQAC at NMFCE:

IQAC ensures that quality assurance becomes an institutional priority and is not limited to a few individuals or departments. It works towards developing a quality culture in the institution by involving all stakeholders, including faculty, staff, students, and management. Stakeholder feedback plays an important role in the progressive march of the institution. This institutionalization of quality assurance strategies helps create a sustainable and long-term approach to maintaining and enhancing educational standards.

Preparation for Assessment and Accreditation by NAAC:

The IQAC diligently prepares the Institute for the upcoming Assessment and Accreditation process conducted by NAAC. Various measures are taken to meet the criteria and standards set by NAAC for accreditation, ensuring the Institute's quality and credibility.

Streamlining the Admission Process:

The IQAC works towards streamlining the admission process, simplifying procedures and ensuring a smooth experience for prospective students.

Deliberations and Decisions on the Academic Calendar:

It engages in thoughtful deliberations to design the academic calendar, taking into account various factors and stakeholder inputs. The finalization of the academic calendar is based on mutual agreement and aims to optimize the learning and teaching experience.

Establishing MOUs with Institutes and Fostering Interactions:

The Institute fosters interactions with external institutions, promoting academic and research collaborations for mutual growth and development.

Monitoring the Status of Value-Added Courses:

IQAC regularly monitors the implementation and effectiveness of value-added courses, making necessary adjustments to enrich the learning experience.

Organizing Activities to Support Student Development:

IQAC organizes a diverse range of activities through various committees, to support students in developing their knowledge, skills, values, and attributes beyond academics.

Providing Career Guidance for Students:

IQAC offers comprehensive career guidance and counselling to students, helping them make informed decisions about their future paths.

Reviewing Community Activities:

IQAC conducts regular reviews of community activities undertaken by the Institute, ensuring a positive impact on the local community.

Evaluating the Practice School Experiences:

IQAC evaluates the practice school experiences of students to assess the effectiveness of practical training and industry exposure. Feedback from students and employers helps in refining the practice school programs and aligning them with industry requirements.

Enhancing Infrastructure and Facilities:

IQAC works towards enhancing the infrastructure and facilities of the Institute, creating a conducive learning environment for students and faculty. Upgrades and improvements are made to labs, classrooms, and other amenities to ensure a modern and well-equipped campus.

Enhancing Publication and Proceedings:

IQAC focuses on enhancing the publication and dissemination of research findings, academic journals, and conference proceedings. The Institute promotes a culture of research and scholarly activities, supporting faculty in publishing their work and contributing to the academic community.

List of activities responsible for ensuring quality culture in the Institution with seal and signature of the principal

**“UNDERSTANDING THE
ONLINE PERSPECTIVE”**

Speaker :
Dr. Vini Sebastian,
Associate Professor,
St. Xavier's Institute of Education

CONTEXT:
Due to the pandemic situation we teachers are thrown into the online mode of teaching. We are all familiar with the offline mode and transact our curriculum in an effective manner. The face to face teaching has been our medium to communicate with students. But now we are all forced into going online. This situation throws some questions in our mind.
Are we fully prepared to do our online teaching? Is the first question that comes to our mind.
Is communicating online same as communicating offline?
What are the skills a teacher requires to deliver effective online lessons?
What are the teaching theories related to online teachings?
How do students learn online?
How can we evaluate students to ascertain students' performance?
These and several other questions are pressing us day by day and we need answers to these questions. Teachers have to train and develop themselves to communicate online which will be the new normal.

DATE & TIMING
Date: 18th September, 2020 Friday
Timing- 4:00 pm to 5:00 pm

PLATFORM
On Zoom
Registration Link:

SESSION DETAILS
Session 1 : Pre requisites for Online teaching
